The Mobile-Mate® is a small, lightweight, mobile Personal Emergency Response System that enables seniors and individuals with special needs to live independently and call for help anytime, anywhere in the US where there is cellular coverage. Mobile-Mate operates on a cellular network and features GPS & LBS technology and optional automatic fall detection.

Subscribers call for help, anywhere or anytime, by pressing the Mobile-Mate call button. The call is sent to our 24-hour Emergency Response Center. Mobile-Mate allows subscribers to remain active and independent, at home or on the go.

The Mobile-Mate gives subscribers the confidence they need when venturing outside the home; providing peace of mind and independence.

Connected and Protected

Recognizing that people rely upon us 24/7, our Emergency Response Center is built with the most advanced infrastructure of equipment to optimize response time and improve service reliability.

If you cannot speak or be heard, our Emergency Response Center knows who you are and who to contact.

When you enroll, a personalized file is created in our HIPAA compliant, secure database containing all critical information. This information is immediately displayed so that a trained operator can respond quickly to assist you.

- 24/7/365 Emergency Response Centers
- Over 50 years experience in remote care and safety monitoring
- Two US-based Emergency Response Centers
- Over three million subscribers monitored worldwide
- Notification to emergency responders, caregivers, and/or family
- 140 languages available at our Emergency Response Centers
- Highly trained and qualified Emergency Response Center operators
- Providing peace of mind for those in need

Mobile-Mate is a companion that is always by your side.
